Greenstone Gold Mines is hosting community open house events to share information about the Hardrock Project, a proposed open pit gold mine on Highway 11 located 5km South of Geraldton.

Greenstone Gold Mines would like to meet with residents and stakeholders in the area to discuss the Project and present the draft Environmental Impact Statement and Environmental Assessment (EIS/EA) report. Our desired outcome is to gather and record your comments about the Project and draft EIS/EA. Your comments will be addressed at the meeting and in the final EIS/EA.
