

# You're Invited...

Greenstone Gold Mines is hosting community open house events to share information about the Hardrock Project, a proposed open pit gold mine on Highway 11 located 5km South of Geraldton.

Greenstone Gold Mines would like to meet with residents and stakeholders in the area, to discuss the Project, its Environmental Assessment and present the alternatives and outcomes of the assessment. Our desired outcome of this meeting is to gather your thoughts about the Project and incorporate them into Project planning.

**To ask questions or provide comments about the Hardrock Project please contact:**
