

HEALTH AND SAFETY POLICY 2020

Greenstone Gold Mines recognizes the protection of the health and safety of its employees, contractors, and the public as vital to the Company's existence and continued development. Greenstone Gold Mines is committed to conducting all of its activities including exploration, construction, operations and decommissioning in a responsible manner.

In support of this commitment, Greenstone Gold Mines will:

- Establish and maintain systems which will strive to identify and control or eliminate health and safety risks when evaluating, planning, constructing and managing all projects and operations.
- Require site management to clearly set expectations and to be accountable for the implementation of health and safety programs, plans and procedures.
- Communicate this policy to all Greenstone Gold Mines employees and contractors so they are aware of their health and safety responsibilities.
- Ensure the active participation of Greenstone Gold Mines employees and contractors in the implementation and enhancement of health and safety programs and procedures.
- Ensure Greenstone Gold Mines employees and contractors have the appropriate training to allow them to appropriately carry out their responsibilities safely.
- Meet or exceed local, regional and national health and safety legislation.
- Provide adequate and appropriate resources to implement this policy.
- Monitor and conduct regular reviews in the management of our activities in order to achieve continual improvement in health and safety performance.
